

To:

EU based Customers

of Elastron Kimya A.S.

Gebze Organize Sanayi Bolgesi (GOSB)

Tembelova Alani 3300 Sokak No:3322

Gebze - Kocaeli / Turkey

We herewith confirm that we have been appointed by

Elastron Kimya A.S.

as their Only Representative (OR) according to Article 8 of the Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

Within this appointment, we have completed the pre-registration for substances contained in the products sold in the European Union.

Please be informed that **Pulver Kimya International GmbH** was not required to do the registrations in 2018. Therefore, our customers will not be provided with a REACH registration number yet, e.g. via Safety Data Sheets.

However, Pulver Kimya International GmbH is working on the registration status of the substances contained in the products sold in the European Union. In this regard, Pulver Kimya International GmbH and Elastron Kimya pay very big attention to communication along the supply chain.

As a non-EU manufacturer of substances Elastron Kimya A.S. is also aware about the Notification to Classification & Labelling Inventory of the EU. We will keep our products in compliance with this requirement, too.

Pulver Kimya International GmbH as the Only Representative of Elastron Kimya A.S. makes sure that all of the products are REACH compliant and customers can rely on this REACH compliance.

We hope this information is useful and is answering your request.

Sincerely,

updated 24.07.2014
